

After School Tech Time is an informal, fun time for teachers, students and parents to explore computer hardware and software adaptations with technical support from our knowledgeable staff.

This program is offered through the Schools Project at TechACCESS of RI on select Thursday afternoons from 2-6. 50-minute appointments are available, by appointment, at 2:00, 3:30 and 5:00. Please call 463-0202 to register.

Please note that equipment demonstrated during this time with staff does not constitute a formal evaluation/consultation. Formal assessment services are available from TechACCESS of RI on a fee-for-service basis.
